**(54) Title:** PERSONAL VIDEO

**(57) Abstract:** A method of recording and playing back contents to and from a personal video recorder (PVR) for audio-visual contents. The recorder comprises a storage medium (12). Information is presented concerning the recorded content on said medium (12). Programmes of a first type of programmes are recorded on the storage medium (12), wherein the programmes are subscribed to by a user of the recorder. Programmes chosen by the user for viewing are played back. Programmes of a second type of programmes are recorded of said storage medium (12), wherein said second type of programmes is comprised in a user profile. Furthermore, a third type of programmes is recorded on said storage medium (12), wherein said third type of programmes comprises programmes being recommended by a broadcaster.

### \* Special categories of cited documents:

- \*A\* document defining the general state of the art which is not considered to be of particular relevance
- \*E\* earlier document but published on or after the international filing date
- \*L\* document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- \*O\* document referring to an oral disclosure, use, exhibition or other means
- \*P\* document published prior to the international filing date but later than the priority date claimed

- \*T\* later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- \*X\* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- \*Y\* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
- \*&\* document member of the same patent family
